Virtual Reality will be an integral part of an increasingly connected world in the future. We are a Munich-based software Start-up that wants to set the standard for tomorrow's Virtual Reality projects. Our happy customers like Porsche, Siemens, Bayer and Telekom are already embracing this technologic shift.

Help us to realize our vision by

- » Creating interactive 360°VR projects with our platform
- » Testing and designing in the virtual space
- » Assisting with creative concepts and storyboards for client projects
- » Supporting the Creative team and Marketing team with graphics, visuals, videos and animations

What we expect:

- » Enrolled student, preferably in New Media Design or a similar field of study
- » Interest in gaining experience in the world of Virtual Reality
- » Ideally firsthand experience with VR technology or having a good understanding of modern tech in general
- » Creative, innovative, and enthusiastic mindset
- » Good skillset of common design programs and office programs (such as Adobe Creative Cloud and Microsoft Office)
- » Nice-to-have: also experience with common 3D design programs (such as Maya, Blender or Cinema 4D)
- » Very good written and verbal communication skills in English and/or German

What we offer:

- » Friendly, international, and highly motivated team members
- » High degree of freedom, flexibility, and self-autonomy
- » The possibility to get to know multiple departments and fields of work (from Business & Management to Product Development)
- » Experiencing client relations with large enterprises first-hand
- » Attractive working conditions and great experience of working in a successful start-up

Maximum 20 hours per week. During the semester break, the weekly working hours can be increased. You have the possibility to work from home office.
