Role Summary:

We're seeking a skilled working student or intern who has a passion for technology, virtual reality, and the metaverse. If you are an exceptional PowerPoint wizard who can translate complex ideas into visually stunning and compelling presentations, we'd love to meet you!

Responsibilities:

- » Develop persuasive PowerPoint presentations for various purposes, including investor pitch decks, sales presentations, workshop decks, and more.
- » Collaborate closely with various teams to translate complex ideas and data into visually compelling stories.
- » Create and revise graphics and layouts to enhance the clarity, quality, and impact of our presentations.

Qualifications:

- » Currently enrolled in or recent graduate from a Bachelor's or Master's degree program.
- » Proven experience in PowerPoint presentation development; portfolio of work is a plus.
- » Exceptional design skills, including the use of color, layout, typography, and imagery.
- » Ability to effectively translate complex data and concepts into clear, concise, and visually compelling presentations.

What We Offer:

- » Competitive above-average compensation.
- » The opportunity to work remotely, with flexibility to fit your schedule.
- » The chance to be part of an innovative, forward-thinking team shaping the future of the Metaverse.
- » Experience in a fast-paced tech startup environment.
- » Mentorship from seasoned professionals in the industry.
- » A culture that values creativity, inclusivity, and out-of-the-box thinking.

How to Apply:

If you're excited about joining a team at the cutting edge of virtual reality and the Metaverse, [apply today](#) and help us shape the future of digital interaction!
